

Principal Holding's New Year's message

Welcome to 2020!

January is always about fresh beginnings and positive change. I love the promise of the New Year and all the possibilities that exist for children here at Judah and their future. The new year has brought a renewed sense of energy and dedication. The staff and students have come back from their holiday break excited and rejuvenated. We continue to be dedicated to meeting the needs of each and every student.

It is hard to believe that we have completed almost half of our school year. There have been many educational opportunities for our students over the past several months. Our students are making the most of their learning experiences and the results of their efforts continue to shine. All of our students in grades EK through 6 have daily opportunities to integrate critical thinking into their learning and our students are meeting those opportunities with enthusiasm and success. Students are being led in learning activities promoting collaboration and discovery learning. I continue to see examples all over our school of our students and staff using Social Emotional Learning to help our children be more successful.

All of us at Judah hope your child is finding the success you desire. If you are experiencing difficulty in achieving the results you would like to see, please contact us and make sure we have open communication between all stakeholders for your child's education. We want all of our students to be successful.

I am certain that 2020 will bring new opportunities and challenges alike. We are committed to providing positive experiences for your child. We will continue to work with community stakeholders and families to ensure that our students are well prepared for whatever awaits them.

To our parents with 6th grade students, I wish you a productive and successful remainder of the school year. The next few months will fly by faster than the last 6 years. We certainly hope you can enjoy all of the pomp and circumstance that comes along with having a future middle schooler. Wishing all of you a fun ride to the finish.

On behalf of myself and the Judah staff, we want to wish you all a Happy New Year! Thank you for your continued support.

Respectfully,

Troy Holding/Proud Principal
